

Summer Courses 2021

Atlantic's summer courses are **ONLINE** and they're better than ever!

You have been studying online for a **LONG TIME** now...

To make it more **exciting** for everyone we decided to do something **a little different** - we asked our teachers to choose what **they wanted** to teach you. Then, we combined that with the things **you told us you wanted** to learn.

We have 7 exciting, new courses. Choose one OR mix and match to create the perfect summer programme for you.

It's not JUST English but it's all IN English!

There will be guest speakers: writers, academics, entertainers - people worth listening to! And there will be social events 3 evenings a week.
