

Erasmus+ Course for Higher Education Staff

English for the Educational Workplace

For intermediate English learners, a course designed to help you to use English in your workplace, writing emails, interacting with colleagues and students, making presentations, and finding the right language for professional situations.

COURSE OUTLINE

English for the Educational Workplace is an intensive professional training course for learners with an A2 - B1 level of English. It aims to equip participants to effectively manage day-to-day interactions requiring English language skills. Participants gain skills to communicate with peers, students, managers and external stakeholders with confidence and accuracy.

COURSE OBJECTIVES

Overall objectives of the mobility. To enhance the English language skills needed to operate effectively in an internationalized educational working environment. To practice communication skills such as writing emails and reports, giving presentations, and speaking on the phone. To develop fluency through discussions and role play. To enable a better understanding of English usage in different professional contexts.

Added value of the mobility. The course equips participants to communicate more fluently and accurately in English, improving their ability to perform in an international context and improving the experience of stakeholders they are required to interact with in English.

Activities to be carried out. Interactive teaching with input sessions, individual and group work – brainstorming, analysis, problem-solving and role-play to encourage practice and fluency. Exchange of professional knowledge with fellow participants. Cultural and Heritage Trips as a chaperoned group.

Expected outcomes and impact. The course provides a professional development opportunity for participants to improve the English skills required for effective communication in a work context. Participants are invited to share knowledge and skills acquired on the course with colleagues. Cultural familiarisation with an international setting, and meeting contacts to cultivate beyond the course are further positive outcomes.

CULTURAL PROGRAMME

The courses are delivered in Atlantic Language School in Galway on Ireland's 'Wild Atlantic' Coast, and participants will have ample opportunity to learn about the cultural heritage of both Ireland and the local area. The week-long programme includes a full-day cultural tour to a local area of scenic and heritage value, a guided historical walking tour of Galway city, and afternoon social and cultural activities. Our staff are happy to suggest other tours and events to enjoy during your stay in Galway.
