

# JOB SHADOWING FOR ENGLISH LANGUAGE TEACHERS

Refresh your English language teaching skills through focused observation sessions and development workshops.

## COURSE OUTLINE

The Job Shadowing for English Language Teachers course is designed to help English language teachers to develop their skills by observing a range of methodologies in action. By observing our trainers in the classroom, participants will have the opportunity to analyse new practices and approaches. In follow-up workshops participants are invited to discuss what they have observed while exploring ways to enhance their own teaching skills. The course will provide an overview of the latest methodologies in teaching languages, explore new materials, and discuss how to make creativity a cornerstone of your teaching practice. You will work on some lesson materials personalized to your own teaching context which will be presented at the end of the week.

## COURSE OBJECTIVES
